Collecting a Fecal Sample for a Fecal Egg Count Test

- Obtain a **Fresh Fecal Sample** (less than 2 hours old preferably)
Pick from middle of manure pile & make sure it is free of dirt and bedding
Choose 1-2 fecal balls for sample size
- Place sample in a zipped plastic bag, remove all the air from the bag, and seal shut
Refrigerate (**not frozen**) up to 5 days if sample can not be brought into the clinic on the same day
- Label or include with the sample the following information:
 - Owner Full Name**
 - Date Obtained**
 - Horse's Name & Age**
 - Date of Last Deworming**
 - Deworming Product Last Used**
- Drop off the fecal sample at the Irongate Equine Clinic
Address:
1848 Waldorf Blvd
Madison, WI 53719
Drop Off:
Monday thru Friday
8am - 4:30pm
- Give us a call or email us if you have any questions
